Subject: European Union Substances of Very High Concern (SVHC) List for REACH Requirements

With the introduction of the REACH regulation by the European Chemical Agency (ECHA), there is a requirement that importers obtain from their suppliers documentation as to whether "substances of very high concern (SVHCs)" are contained in the products sold to them.

On January 12, 2017 there was an update to the Candidate List of Substances of Very High Concern.

To the best of our knowledge, the products on the attached list do not contain any substances included in the most current version of the Candidate List of Substances of Very High Concern at a concentration of 0.1% by weight or higher:

Please feel free to contact me with any questions.

With best regards,

ELANTAS PDG, Inc.
