Subject: RoHS Compliance Directive 2015/863, Additional 4 Substances

Dear Valued Customer,

As a Distributor, Ellsworth Adhesives has received RoHS 2011/65/EU Compliant documentation from our suppliers for the list of products in Ellsworth Document Library (EDL). For the items in EDL, Ellsworth has not been notified by our suppliers of any changes in compliance status. Currently, the RoHS documentation regarding the updates from Directive 2015/863/EU is not available. We are currently working with our suppliers to retrieve the updated RoHS 2015/863/EU documentation. As documentation becomes available from our suppliers it will be accessible on the Ellsworth website, www.ellsworth.com.

We appreciate your continued business and apologize for any inconvenience this may cause. We are committed to providing you with the highest level of service. Our Engineered Sales Representatives and Customer Service Representatives are available to assist you with any questions. Please call 1-800-888-0698 to speak with your local representative.

Thanks in advance,

Amanda Hustad
